|---|---|---|--|
| <b>Craftsmanship<br/>(10 pts total)</b>             | Artist has created a piece of work using the tools required of the medium (cardboard materials). The composition is well thought out, neat, and looks like a finished piece. (10-7 pts) | Artist has created a piece of work using some of the tools required of the medium. Finished product might not look finished or neat. (6-4pts) | Artist barely used or did not use the tools required of the medium to create a piece of work. Product does not look finished and is very messy. (3-0pts) |
| <b>Technique<br/>(10 pts total)</b>                 | Artist's cardboard sculpture closely resembles original landmark and artist has used at least 3 attachment techniques. (10-7 pts)   | Artist's cardboard sculpture sort of resembles original landmark and artist has used less than 3 attachment techniques. (6-4 pts)             | Artist's cardboard sculpture barely resembles original landmark and artist has used 1-0 attachment techniques. (3-0 pts)                                 |
| <b>Effort/<br/>Participation<br/>(10 pts total)</b> | Artist participates and has used class time wisely and efficiently to create a work of art that meets the objectives for the project. (10-7pts)   | Artist mostly uses his/her class time wisely. Has to be reminded to get to work or stay on task. (6-4 pts)                                    | Artist rarely uses class time to work on art. Does not participate or seem to be interested in class. (3-0 pts)  |
