

**IN REMEMBRANCE GRANITE PLATE  
FOR ST. ODILIA PRAYER GARDEN MEMORIAL WALL**

I would like to purchase a twelve inch by twelve inch granite square on the Memorial Wall in the St. Odilia Prayer Garden to remember a loved one who is interred or who shall be interred in a cemetery other than the St. Odilia Prayer Garden. I understand that one, two or three names and dates of birth and death shall be engraved on the granite square. I further understand that only names of people who have died will be engraved on the granite square. The engraving style will match the engraving that already exists on the columbaria niches in the Prayer Garden. **The cost of the granite square is \$500.00. The cost of the engraving, per person, at the present time is \$150.00 but is subject to change.** I further understand that there will be no guarantee of a certain location of the granite square on the Memorial Wall and that the location may be randomly selected. Presently there are twenty squares available. More squares will be added to the wall as needed. A separate engraving form must be completed for each name to be engraved.
